

Standing out in a Crowd...

At **Corporate**, we recognize that every day you are bombarded with a multitude of options. We strive to stand out from the crowd by offering a tailored hands-on approach to every individual we meet with. Committed to ensuring that our franchisees succeed, we strike a balance between implementing our programs and reflecting your own personal vision, after all - **you're the boss.**

Sky's the Limit **Fleet**

The only program of its kind, at Corporate we aren't limited to working with certain dealerships. We have negotiated a diverse fleet, including but not limited to: Chrysler, Toyota, Honda, Mazda, Hyundai, Infinity, Mercedes, BMW, Cadillac, Lexus, Acura and GM. This affords us the ability to offer very competitive pricing to our franchisees on even the most luxurious vehicles, a competitive edge which can be extended to customers at a store level.

Open **Territories**

Unlike our competitors, who are limited to offering leftover territories in undesirable locales, we still have many key territories available for the taking.

Costs/**ROI**

In the competitive market of franchise development, we ensure you receive all of the training and marketing support you need to succeed. The best part? Due to lower overhead costs and flexible suppliers, we are able to offer our program at a fraction of the cost.
